

# Seattle Planning Commission 2000 Work Plan

Here's a look at the Commission's ambitious work program for the year 2000, organized categorically.

## **Neighborhood Plan Implementation and Stewardship**

- complete the Citizen Participation Evaluation
- monitor the progress of plan implementation as part of a citywide team
- sponsor the Northgate Town Center charrette
- co-sponsor sector neighborhood plan events

## **Five Year Comprehensive Plan Review**

- provide input to the Strategic Planning Office on content and process
- assist the Strategic Planning Office in public involvement
- Review and comment on Comprehensive Plan Amendments (including revisions to the Neighborhood Planning Element and the Housing Element)

## **Housing**

- co-sponsor forum on Seattle Housing Authority and affordable housing
- continue to participate in housing-related policy and program development
- participate in developing strategies for affordable housing development and light rail stations

## **Light Rail and Station Area Planning**

- continue participation on the Light Rail Review Panel (LRRP)
- review/input on station area packages
- work with community and City on station area plan implementation strategies, including Transit-Oriented Development

## **Planning Policy Issues and Initiatives**

- participate in the economic development strategy for high tech industry in the city
- continued work on the City's urban sustainability initiative
- advise on the City's land use code simplification work

## **Major Planning Projects**

- the Civic Center: provide ongoing oversight and input
- South Lake Union
- Great Streets/Green Streets
- Northgate

## **Other Work**

- Planning Commission member serves on the Landmark Board
- Alliance - SDC, SPC, SAC & Landmark Board
- Planning Commission works with the Arts Board, Design Commission and the Landmarks Board on a range of initiatives
- hold several meetings in the community throughout the year
